

GURU NANAK PUBLIC SCHOOL ,DALHOUSIE

WINTER ASSIGNMENT

CLASS -UKG TO FIRST

SUBJECT TEACHER -MRS. DEEPTI SHARMA

### Dancing Turkey (Craft)

#### Materials needed

- Brown, red, orange, black and yellow paper
- Pencil
- Scissors
- Glue
- Wiggly eyes (optional)

#### Steps to follow

1. Fold brown paper once and trace your foot on it. Cut it along the tracing to get two pieces of it. These will be the turkey's body.
2. Fold red, orange and yellow paper once and trace your palm on each. Cut them along the tracing to get two pieces of each. These 6 pieces will be the turkey's feathers.
3. Glue the two footprints together to make the turkey's body.
4. Glue the handprint feathers to the back of the turkey.
5. Cut out a yellow beak. Glue the beak and wiggly eyes (or paper eyes) on the turkey's head. Make two legs from black paper and glue them to the back of the body.
6. You can now decorate your cute turkey with paint, glitters, sequins, etc.

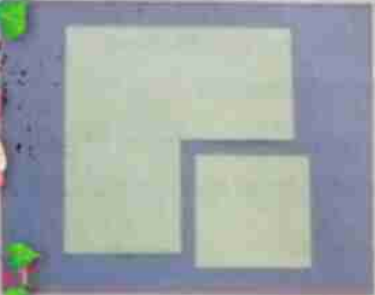

# Learn to Make

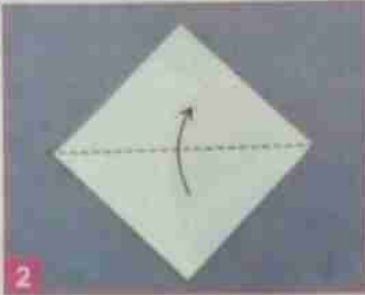

## Paper Cat

Cat is a very useful animal. It keeps all the mice away from home, but it also drinks your milk. Be careful ! Try your hand at making a paper cat. Follow the given instructions.

### HEAD

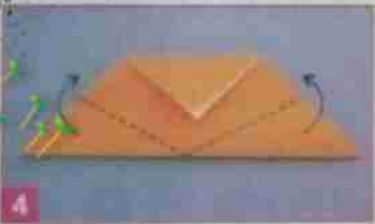

1 Divide the sheet in four equal parts. Take one part for head and one part for body.

2 Fold 1/4 paper into half, like this...

3 Fold the top corner downward.

4 Fold both corners upwards to form the ears of the cat.

5 like this...

6 The head of the cat is ready.

### BODY

1 Take another square part and fold the paper as shown.

2 Cut along the thick line and fold backwards along the crease.

3 Fold the tail like this. Body of the cat is ready.

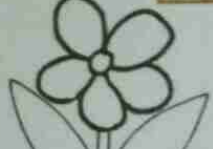

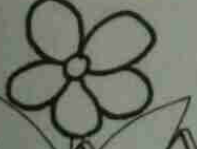

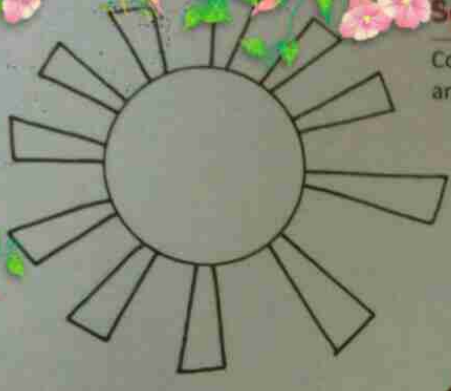

Attach the head on top of the body. Draw the face and strips to complete the cat.

Note: All the papers are provided at the end of the book.

# Sunny Hut (Ice Cream Spoons)

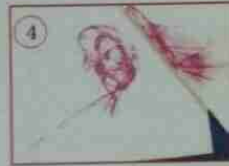

Colour the picture. Paste ice cream spoons as shown. Also, cut and paste golden paper on the sun.

### Pretty Flowers (Thread Impression)

Take a sheet of paper. Hold a string of thread and dip its loose end in water colour. Place the paint-covered string on one end of the sheet, looping and curling it around. Keep another sheet of paper on it and press it with your palm. Pull the string out carefully. Remove the top sheet to see the design. Let one colour dry. Then repeat the process with different colours. For final effects, draw leaves and paint them with poster colours as shown. Cut and paste the picture in the space provided. You may also make the flowers in the given space directly.

## thermocool craft

**To make me, you will need:**  
Thermocol balls, toothpicks,  
poster colours, paint brush,  
palette and craft glue

**Teacher's note:**  
Ask the child to colour the  
picture. Then make him/her  
paste coloured thermocol  
balls and toothpicks on the  
trees and the sun. Refer to  
the sample.

1. Colour the  
toothpicks using  
orange poster  
colour.

2. Paste the  
green and brown  
thermocool balls on  
the trees.

3. Paste red  
thermocool balls  
and orange  
toothpicks on  
the sun.

### Crayon Resist Painting

Take different coloured crayons and apply them with pressure on the marked lines in the picture given below.

Apply diluted black water colour with flat brush over the picture. Since crayons are wax colour, the water colour would be repelled and it would not stick on them.

As a result you would get the same effects as you see on the left top.

## OWL (CRAFT)

Follow the steps and enjoy making the owl.

### Method:

1. Take two paper plates. Colour them brown with poster colour.
2. Cut one paper plate from the centre.
3. Draw three circles from the same point. Cut it from outer line and colour them, black from the centre and yellow from outer side by using sketch pen as shown.
4. Cut the beak from the orange paper.
5. Paste all the parts together as shown.

### Steps

### You will need :

1. Paper plates
2. White chart
3. Sketch colours
4. Scissors
5. Brush
6. Fevicol
